

Student Code of Conduct and Responsibilities

The Miami Dade College mission is to provide opportunities for learning and serving the community. To accomplish this, each student must behave in a responsible manner towards faculty, staff, and other students. The following are guidelines and responsibilities that each camper must adhere to during Kids/Teen College-related activities:

- Be ready to learn and have fun.
- Be respectful and comply with reasonable request from teachers, counselors and staff.
- Refrain from using inappropriate language, threats or inflammatory statements.
- Follow teacher's directions in the classroom and during any related activities.
- Do not engage in any hostile, intimidating, domineering, or threatening behavior with the aim or purpose of physically affecting another individual.
- Use and access the College's technological resources such as computers, printers, Internet and software appropriately. The College expects you to utilize these services in an ethical and legal manner consistent with Federal and State law as well as Miami Dade College policy and procedures.
- Use fire escapes, ground level fire doors, fire hoses, extinguishers and alarm equipment only in emergencies.
- Do not bring weapons of any kind to Kids/Teen College.
- Respect Miami Dade College's drug-free environment. Possession of any illegal or controlled substance is prohibited.
- Inform MDC summer camp staff if a student requires a prescribed medication.

Violation of any of the guidelines set forth in the Student Code of Conduct and Responsibilities may result in the following disciplinary measures:

- Age/developmentally appropriate removal from activities for a determined period of time.
- Conference with instructor and staff to determine reasons for inappropriate behavior.
- Parent/guardian contact via telephone or in writing.
- Removal from the program.

Student illnesses and preventive measures

- Students who are ill upon arriving at camp, or become ill during the day, including having cold-like symptoms (fever/ nasal congestion, sore throat or cough) will be excluded from daily activities. Parents/guardians will be notified and the students must be picked up immediately.
- Students should take all reasonable measures to reduce the spread of colds and flus, including covering their nose and mouth with a tissue when coughing or sneezing, or coughing or sneezing into their sleeve if a tissue is not available. They should frequently wash their hands with soap and water, or use hand sanitizer if soap and water are not available.

I have read and understood the Miami Dade College Summer Camp Code of Conduct and Responsibilities and I promise to abide by all of the above stated guidelines.
